

Incident Automation Dashboard Evidence Plan

Implement Client Script & UI Policy (Incident) for NM Project
Date: 03 October 2026 | Team ID: NM-TEAM-ID

Purpose

This template is repurposed for evidence planning; no Tableau dashboard is required for the core PS.

Evidence

Screenshot of Incident form before state change.

Screenshot showing Resolved state with mandatory resolution fields.

Screenshot showing On Hold Reason mandatory.

Screenshot showing automatic Priority update.

Screenshot showing validation error when required data is missing.

Screenshot of final successful submission.
